Introducing the New and Unique GABRIALLA Milk Shaping Lingerie Collection

The Revolutionary New Milk Protein Fiber has massaging, moisturizing and softening effect on the skin. It consists of 18 amino acids, which give skin a nourished and rejuvenated look, providing more hydration and making the skin soft, smooth and healthy looking. **GABRIALLA Milk Shaping Lingerie Collection** was engineered and developed to provide the massaging effect, reshape your body and improve the lines of your figure.

Milk Protein Fiber is one of the finest examples of "Green" production technology, it's completely Natural, Breathable and has Anti-Bacterial properties. Amino acids also help improve blood circulation, allow perspiration and sweat absorption. Due to the Seamless Production Technology, GABRIALLA Milk garments provide full adhesion to the skin without uncomfortable wrinkles, folds with pinching and squeezing, in effect becoming an almost a second skin on your body. Some of our products are made with real Silver wire in the Gusset / Crotch area to improve Hygienic qualities and provide Anti-Bacterial effect.
